CALL FOR PAPERS
ASSOCIATION OF COLLEGIATE MARKETING EDUCATORS
FEDERATION OF BUSINESS DISCIPLINES, 46th Annual Conference
Hyatt Regency Houston March 13-16, 2019
Submission deadline: October 15, 2018

The Association of Collegiate Marketing Educators (ACME), in conjunction with the Federation of Business Disciplines (FBD), invites faculty, doctoral students, and business practitioners to submit papers or proposals for presentation at the 2019 ACME Conference. The following types of submissions are welcome:

Full Competitive Papers: These are fully developed papers reporting completed conceptual or empirical research. Competitive papers should be no longer than 20 pages (all inclusive, double spaced, 12 point font), and will be eligible for consideration as Best Conference Paper and Best Paper in Track. Upon acceptance, authors will have the option to publish the entire paper or an extended abstract in the conference proceedings. Competitive papers will be eligible for consideration as Best Conference Paper and Best Paper in Track, subject to ACME guidelines.

Extended Abstracts: These are submissions reporting research in progress. Extended abstracts should be at least two pages in length, and provide key findings and select references.

Special Session, Panel Discussion, and Workshop Proposals: Prospective attendees may propose special sessions comprised of papers on an important topic, panel discussions, or workshops. The session initiator should include the names of participants and include documentation of their willingness to participate, and participants should submit a full paper or an extended abstract. Workshop proposals must provide details of the workshop, qualifications for attendees, if any, and expected benefit to attendees and the organization. Full papers arising out of a special session, panel discussion, or a workshop may be published in the Proceedings, subject to peer review.

Poster Submissions: Posters may describe research projects, recently completed work, results of work in progress, presentation of data, or speculative or innovative work in any area of marketing. Poster sessions offer the opportunity to have substantive discussions with interested colleagues. For consideration of a poster presentation, please submit a 250-word abstract.

Submissions will be double-blind reviewed by academic peer reviewers. Authors are welcome to submit more than one paper or proposal, but each submission must be directed to only one track. In the interest of scheduling flexibility, an author may not be a presenter in
more than two sessions. **The deadline for submission is October 15, 2018.** Full papers received by or on this date will be considered for Best Paper in Track and Best Conference Paper awards. Authors will be notified of acceptance status by December 31st, 2018. At least one author of accepted papers, presentations, and posters will be required to register early (by the FBD early registration deadline) for the ACME and FBD Conference and attend the conference in order to be included in the program and have their work included in the Proceedings. If more than one co-author is present at the conference, they must also register as an ACME attendee. Authors of accepted refereed papers must submit to the Track Chair, no later than January 15, 2019, either the full paper or a two-page extended abstract for publication in the Proceedings (electronically published on the ACME website). Special sessions, panels, posters, and workshops will be acknowledged in the Proceedings. Proposals for presentations in special panels of “research in progress” will be accepted at the discretion of Track Chairs. Such “work in progress” papers will not be included in the Proceedings, but will be listed in the program and the program will be reproduced in the Proceedings.
